

CALIFORNIA ENERGY COMMISSION

1516 NINTH STREET
SACRAMENTO, CA 95814-5512
www.energy.ca.gov

April 15, 2011

TO: INTERESTED PARTIES

SUBJECT: REQUEST FOR PROPOSALS (RFP) #600-10-614

Addendum #2

California Local Energy Assurance Planning Solicitation

NOTICE IS HEREBY GIVEN THAT THE ABOVE RFP IS AMENDED AS FOLLOWS

1. The Energy Commission would like to revise an answer from the Questions and Answers document posted in Addendum #1. Specifically, Question #4:

- **Question:**

Given California Public Contract Code, are firms who were and/or are involved with developing the State Energy Assurance Plan precluded from participating in this project?

- **Revised Answer:**

Energy Commission staff apologize to any affected entities for the confusion caused by the previous answer to this question. The answer is no, they are not precluded from this solicitation. They can participate just like any other entity (e.g., as the prime contractor or as part of a team as a subcontractor).

The scope of work for developing the State Energy Assurance Plan (SEAP) does not include assisting with this solicitation or the work produced under it. None of the SEAP firms assisted in any way with preparing this solicitation, and they will not participate in any way in evaluating or scoring proposals under it. In addition, the SEAP contract just began in February of this year. It has not produced any products that could affect this solicitation or the planned work conducted under it. Commission staff have not used or otherwise relied upon any information from SEAP firms in preparing this solicitation. Bidders to this solicitation are neither required nor expected to communicate or otherwise work with SEAP firms in developing a bid to this solicitation, and no preference in scoring will be given to SEAP firms.

Attached are the following documents:

1. RFP 600-09-601 page 26, dated April 15, 2011, Addendum #2.

All further questions regarding this RFP must be administrative only and directed to the Contract Officer. To ensure timely delivery, proposals must be delivered to the Energy Commission Contracts Office with your company name on the outside and identified as RFP #600-10-614. **Proposals must be delivered no later than 3:00 PM, April 26, 2011.**

Except as herein amended, all other documents related to RFP 600-10-614 remain the same.

Sincerely,

Andrew Ferrin

Andrew Ferrin
Contracts Officer

V. Administration

RFP DEFINED

The competitive method used for this procurement of services is a Request for Proposal (RFP). A Proposal submitted in response to this RFP will be scored and ranked based on the Evaluation Criteria. Every Proposal must establish in writing the Bidder's ability to perform the RFP tasks.

DEFINITION OF KEY WORDS

Important definitions for this RFP are presented below:

Word/Term	Definition
State	State of California
DGS	Department of General Services
Energy Commission	California Energy Commission
RFP	Request for Proposal, this entire document
Proposal	Formal written response to this document from contractor
Bidder	Respondent to this RFP
CCM	Commission Contract Manager
DVBE	Disabled Veteran Business Enterprises

~~AANKO TECHNOLOGIES, INC.~~

~~The contractor engaged to revise and update California's state energy assurance plan, Aanko Technologies, Inc., under Energy Commission Contract Number 600-10-003 is prohibited from participating as a prime contractor or subcontractor at any level under this solicitation.~~

COST OF DEVELOPING PROPOSAL

The Bidder is responsible for the cost of developing a proposal, and this cost cannot be charged to the State.

PRINTING SERVICES

Per Management Memo 07-06, State Agencies must procure printing services through the Office of State Publishing (OSP). Bidders shall not include printing services in their proposals.

CONFIDENTIAL INFORMATION

The Commission will not accept or retain any Proposals that are marked confidential in their entirety or contain confidential information within the bid.
